

Restorations

In addition to our new build cars we are pleased to offer a comprehensive restoration service for older vehicles. Two examples are shown below.

Dune Buggy Parts

To back up our range of services we have developed a range of products, mostly manufactured in house and are exclusive to us, to help you build a quality vehicle which is safe and enjoyable to drive. We have used many different products from various suppliers and now hold a stock of what we feel are without doubt the best quality buggy related products available.
